About Coursmos

- Full-featured SaaS LMS for staff L&D for any size and type of business
- Over 100 corporate clients worldwide
- 35K online courses in 20 categories
- Courses from some of the world's best universities (Stanford, Harvard, Yale, MIT) and 2,000 of the best business courses from top content providers
- Web, iOS, Android + localized to 13 languages
- 2M students from 126 countries

Why choose Coursmos LMS?

- Easy to use SaaS platform with white label mobile apps
- No installation, development or hosting fees
- Fully scalable enterprise solution
- All the key learning management tools on one platform
- Quality solution at a much more competitive cost vs other LMS providers

The screenshot shows the Coursmos website homepage. The header includes the Coursmos logo, a navigation menu with 'Discover 35k', 'My Coursmos', and 'Messages', and a search bar. The main content area features a large heading 'Build your online education' and a sub-heading 'Set up your online education business in... make money with your valuable know...'. Below this are two buttons: 'Start teaching' (green) and 'Start le...'. A statistics section displays three metrics: '\$2.5M Sales', '1.7M Students', and '35,911 Courses'. At the bottom, there are logos for 'Yale' and 'Forbes' and a '500' ranking badge.
